**ISLAND AVIATION SERVICES INAUGURATES STATE-OF-THE-ART FUEL FARM AT MAAFARU
INTERNATIONAL AIRPORT**

17th October 2023 - Island Aviation Services is proud to announce the successful inauguration of a Fuel Farm at Maafaru International Airport. This project, financed by the Maldives Islamic Bank will greatly enhance the airport's operational capabilities.

Key highlights of the Fuel Farm project include:

- A fuel farm capacity of 400,000 Liters
- 35,000 Liter Aircraft Refueller
- 20,000 Liter Aircraft Refueller

The Fuel Farm will allow our customer airlines to operate direct flights to Maafaru International Airport and benefit greatly from cost savings and better experience for the passengers.

Island Aviation Services would like to extend its gratitude to all the stakeholders, partners, and individuals involved in making this project a reality.

About Island Aviation Services:

Island Aviation Services is the national airline and aviation service provider of the Maldives. Committed to enhancing air travel experiences and connecting the Maldives to the world.
